DAVE ALTON . SOFTWARE DEVELOPER

Phone: 604 / 842 - 4859   /   Email: dave@davealton.com

Profile

I'm a Web and Software Programmer. Currently I'm studying at British Columbia Institute of Technology taking Software Systems Development. This is a full time High Tech Professional program that teaches both front end and back end programming with skills like HTML, CSS, C#, ASP.NET MVC, Java, JavaScript, PHP, SQL, and Android Programming. I will be graduating in April 2014 with a Certificate of Technology and I will be looking for full-time work positions then.
Along with schooling, I am currently learning iPhone Development on the side.

Education

2014 - 2014	**British Columbia Institute of Technology:** Certificate of Technology: Systems Software Developer: Web Programmer Option.
2002 - 2006	**Ambrose University College:** Bachelor of Ministry: Youth Ministry

Experience

GiftListing 2013 - present	Webmaster and founder. In August I began using my HTML, CSS, PHP and SQL skills to create an online gift registry. Here, anyone can sign up and post gifts they want. They can subscribe to their friends and put each other's gifts in their own shopping list without the other knowing.
Walt Disney 2013	Movie Extra. A fun summer job before starting my schooling at BCIT.
North Shore Alliance 2011 - 2013	Pastor. I was a pastor for two years who focused primarily on teenagers. Here I toned my leadership skills. I have a passion for mentoring young people and continue to do this as a volunteer.
